days (ninety-six hours from being confiscated and given back at the end of the day that the 96 hours occurs excluding weekends). If this occurs or the phone or electronic device is taken on Friday, we will give the phone or electronic device back on Friday at the end of the day and confiscate it again on the next school day until the 96 hours has been served and give it back to the student at the end of the day once the 96 hours have been served. Should a person not choose to do this mode of discipline, the student can opt for four days OSS in which work is not allowed to be made up. If the device is confiscated, an administrator will contact the parent/guardian.

- Additional Offenses-Will result in further consequences deemed by the administration. If the device is confiscated, an administrator will contact the parent/guardian.

Electronic devices that are listed above can be brought to school but should be turned off and stored the student’s locker, backpack or stored in the student’s vehicle. If the device is seen or heard it will be automatically confiscated no questions asked.

Please contact the office if you need to reach your student and your message will then be relayed. In the unlikely event of a crisis, it is imperative that students follow procedures to ensure their safety rather than being distracted on their phones. If this should occur, once the situation has been deemed safe and secure, phones will be returned when appropriate.

In an effort to serve your child, we will need your full support in this adoption of the cell phone change at our school. We want our students to be engaged in their learning and have a successful educational experience.

Thank you four this support in ensuring a safe and healthy learning environment for our students. If you have any questions, please do not hesitate to contact the school at (660) 367-2111.

Sincerely,

Bill Pottorff  
Pattonsburg Superintendent
